

Pacific Hoists

SAFEPOUR

The Safepour is a safe, easy and cost effective tool to decanter liquids. No more need to struggle with heavy drums of liquid and risk injuries with the Safepour range which exists of two different options.

Features

SP15-25

This design has been developed to hold most 15 to 25 litre drums which can be rectangle or round and of either plastic or metal. The SP15-25 requires minimal assembly and has a flat-folding option for easy storage.

SP Multilifter

The SP Multilifter can be used to load up to 500kg metal drums for a variety of lifting applications. It is designed to eliminate the need for two separate lifting devices and can be used to lift drums with and without lids. It also features a positive lock action which grips the rim of the drum for hands-free safety.
