WHY CHALLENGER?

Supporting Our Community

For every Challenger product sold, we will make a donation to the McGrath Foundation in Australia and the Child Cancer Foundation in New Zealand.

Highest Quality

All products in the Challenger family are manufactured from high quality materials in state-of-the-art facilities.

No compromises are made on safety for both the product as well as the manufacturing processes and work environment.

2 Year Warranty

We trust our products which are all manufactured to meet or exceed the relevant Australian Standards.

Therefore we offer a 2 year warranty on every Challenger product without any hesitation.

Best Value

The Challenger product range represents the best value for money in both the Australian and New Zealand market.
