Tip of the Month

Previous copies of our Newsletters can be viewed in the download area of our website www.jdn.de.

CeMAT Prize Draw

As announced we drew an Apple MacBook Air among the numerous visitors at our CeMAT stand.

And the winner is:

Fabio Somma, FAS S.p.A., Italy.

Congratulations and we will be in touch shortly to arrange the delivery.

Trade Fairs 2008

We are also exhibiting at the following trade fairs in 2008 and look forward to your visit to our stand:

- ProcessCEM Asia, Singapore, 22. – 24. October
- China Coal Expo, Beijing, 4. – 7. November
- Marine Tech Korea, Changwon, 11. – 14. November

Questions regarding this newsletter may be forwarded to: marketing@jdn.de.

- JDN Air Hoists Profi 025 TI – 2 TI in motor trolley

JDN Applications

JDN split rope drum Air Winch Profi Puller 1800 in operation on the NAM Drilling Rig AWG/1. This JDN Air Winch is used for moving a trolley located on the bridge connecting the production and the compression platforms. The trolley carries containers along with various other loads and has a capacity of 7 t.

The split drum design and a reversing roller enable the trolley to be traversed in both directions.
