

Pacific Lever Blocks with Optional Overload Protection

The extensive range of Pacific Lever Blocks feature superior quality at an affordable price. They are suitable for applications in the mining, construction, transport and automotive industry. A patented Overload Limiting device is available to improve safety (except for 250kg capacity).

Features:

- All Pacific models are manufactured to comply with AS1418.2.
- “T” type hooks for improved load holding integrity (except for the 250kg capacity).
- New design double pawl safety springs to eliminate sticking
- New style cast hand wheel for added strength and durability
- Encapsulated needle bearings and side plate bearings for smoother operation.
- Brake lockout bearing for security of braking mechanism.
- All Pacific lever blocks can be supplied with overload protection (except 250kg).
- Key internal components are CNC machined before being heat-treated and toughened.
- Fitted with high quality European zinc plated Grade 80 load chain.
- No aluminum content which ensures suitability for mining applications.
- Overall better design and improved finish to prolong life expectancy.
- Now available with a complimentary display stand when purchasing a product stock package. For more information, please contact your Pacific Hoists representative or refer to page 3.

Pacific Product Display Stand

With the purchase of one of our product stock packages, you are entitled to a complimentary Pacific Product Display Tripod Stand; made from quality steel. It features lockable castor wheels for ease of movement and safety while on display. The Pacific Hoists signage includes a QR code for quick access to product features, specifications and line drawings. The stand allows for the display of chain blocks, lever blocks, trolleys and clamps.

Features:

- Tripod stand made from quality steel.
- Inclusive of lockable castor wheel for ease of movement and safety while on display.
- This display stand is collapsible by unbolting the screws.
- Pacific Hoists signage which includes a QR code for quick access to product features, specifications and line drawings.
- For the display of a variety of chain and lever blocks, trolleys and clamps.
- Contact your Pacific Hoists representative to discuss your stock requirements. The package must consist of Pacific GEN III chain blocks or lever blocks, Pacific trolleys and clamps. An example of such package can be

1x PCB303

1x PCB313

2x PCB313L

2x PCB316L

1x PLB302

1x PLB308L

1x PLB316L

2x PGC310

2x PPT105

* The display stand is offered as part of this package for the sole purpose of display of products offered by Pacific Hoists.
