

## Pacific Load Rollers

The Pacific Load Rollers are designed for moving heavy loads across flat surfaces. The nylon wheels provide added protection to flooring and with the option between swivel or fixed operation, this product is suited for many applications.

## Features:

- Available in capacities varying from 2 to 24 tonne.
- Nylon wheels with sealed bearings for increased durability
- Non-slip rubber grip surfaces to prevent load movement
- High visibility colours for safety purposes

The information shown is to be used as a guide only. Specifications are subject to change without notice. All materials handling or lifting jobs should be assessed individually. Pacific Hoists products are NOT to be used for lifting or lowering persons.
