

Challenger Manual Lifter Trolley

The Challenger Manual Lifter Trolley is a high quality, cost effective alternative to forklifts. Ideally suited for unloading skids in warehouses, workshops and smaller working environments, all models are fitted with an overload valve and a slow lowering valve to control speed.

Features:

- High quality, heavy duty construction for reliability
- Supplied with a removable work platform and adjustable fork tynes
- Top quality, heavy load castors which ensure durability
- Standard fitted with rear swivel brake wheels to prevent the table from moving during loading and unloading
- Protective guard and covers
- Available in a variety of heights to suit each applications

The information shown is to be used as a guide only. Specifications are subject to change without notice. All materials handling or lifting jobs should be assessed individually. Pacific Hoists products are NOT to be used for lifting or lowering persons.
