

The information shown is to be used as a guide only. Specifications are subject to change without notice. All materials handling or lifting jobs should be assessed individually. Pacific Hoists products are NOT to be used for lifting or lowering persons.

## SAFEPOUR MULTILIFTER

The SP Multilifter can be used to load up to 500kg metal drums for a variety of lifting applications. It is designed to eliminate the need for two separate lifting devices and can be used to lift drums with and without lids. It also features a positive lock action which grips the rim of the drum of hands-free safety.
